Disclaimer

Merchandise specification. Furniture, furnishings, fixtures, textiles, accessories, and building materials (collectively referred to as Merchandise) are an integral part of the design process. SRI works with the Client in narrowing the selections based on the Client's desired scheme. We will sail you through step by step after a series of discussions with you. We will work with clients on their preferences and tastes. Our expertise in interior designing will help our clients can receive a variety of options. How ever we can only recommend the client has to take ownership of the design they pick.

If a client is unclear about choosing which design will fit their mood, we will accommodate them in a series of sessions prior to signing off the document. Our company is encouraged to maintain strict professional relationship with clients during the course of service. If the progress on any client's work is stuck, the client should reach out to the company to address the matter at hand. All clients are urged to adhere to our client communication policy, any and all emails must be copied to our creative director on creative@studioreinteriors.org otherwise we will not take responsibility for response. Studio Red Interiors will reserve the right over all the designs and may use them when necessary. Price may change if the client wishes to choose any of the above mentioned services or add any other to the list.

Please refer to our client engagement policy.

Thank You
